

IN THE SPECIFICATION

In the Summary of the Invention, please replace the second paragraph beginning “In accordance with one aspect,” with the following paragraph:

In accordance with one aspect of the present invention, a method for viewing images is practiced in an electronic device in a distributed network. The method includes the step of providing a web page with an embedded software facility that enables a user to create a popup message associated with a textual input to be displayed to the user. A request for the web page is received from ~~a party~~ the user and, in response, the web page is transmitted to the ~~party~~ user.
